October Product Update

Pocket price lists are enclosed and following are some of the new listings:

Snowthrower Ordering Options

Snowthrower pricing is now listed as **base model** snowthrower and **separate control** kits. You must check counterweight chart for counterweight requirements, order a wiring harness where applicable and order the desired control kit listed below. The pocket price list indicates when wiring harness and counterweight are likely to be needed.

533410.....	Snowthrower, 48" Model 412 Base Model
533416.....	Snowthrower, 60" Model 512 Base Model

A variety of options are available for 2012 snowthrowers. When ordering a new snowthrower you must also **order the control kit desired**. Available options include:

503642.....	Manual spout, manual lift
503643.....	Manual spout, electric lift – 600 Series
503644.....	Manual spout, electric lift – 700 & 900 Series
503646.....	Snow Performance Pkg. – Elect. spout, elect. lift, joystick - 600 ser.
503647.....	Snow Performance Pkg. – Elect. spout, elect. lift, joystick – 700,900 ser.

Winter Enclosure Solid Front Panel

A new solid front panel option is available for the winter enclosure when used with a snowthrower and snow performance package. The kit includes a metal and plexi-glass front panel with floor mat.

503603.....	Metal front panel with floor mat – use w/ 503647 Snow Perf. Pkg.

Larger Tires for 124/48 and 124/52

Beginning with 6200000 serial numbers, Models 124/48 and 124/52 have larger drive wheels and front tires. The new turf tires are 20x10x8 and have a 5-bolt rim and hub. Semi-pneumatic front tires are now 13x5x6.

Please note that Model 124/41 has 18x9.5x8 turf tires with a 4-bolt rim and hub. Front tires are 11x4x5 semi-pneumatic. The pocket price list does not make this distinction.

More on Reverse

Rear Discharge Shield Option for 3452R and 3461R decks

An optional shield kit is available for all front mount power units with convertible 3452R or 3461R decks. This is the shield that is included with dedicated 35 Series decks. It extends from the deck to the power unit below the PTO shaft. **Please note** that it does not work with 3472R decks.

Manuals prior to 2012 show the same shield available as #606765. Now kit number 504640 supercedes 606765.

504640.....Rear discharge shield kit - FM – 3452R, 3461R

Late Breaking News!!

The following items have been released since the Pocket Price List went to press. Please note part numbers and prices on the NOTES page at the back of your price list.

Hydraulic Dozer Blade Changes

Hydraulic dozer blade base models are now equipped with a joystick-ready wiring harness making them compatible with the winter enclosure (533405) with solid front panel (503603). You must **order the joystick control** plus the dozer blade model desired.

533489.....48" hydraulic dozer blade
53349060" hydraulic dozer blade
504800.....Joystick control

Please note: The 2012 Price List dated September 1, 2011, and the Pocket Price List enclosed **do not reflect** these updates.

Bi-directional Rotary Broom

Watch for an email message about similar updates to bi-directional rotary broom pricing and control options.
